

# Brancepeth Alive! The Treasure Trail

The final trail of the summer uses the app, What3Words.

These fun challenges have been popping up recently so thought we would do one for our area, Brancepeth Village.

### What to do:-

- Download the What3Words App onto a mobile phone.
- Type in the 3 words clue in the search box. The App will give you a location.
- Walk to that location and take a photo of you near the local point of interest (building, object etc) or make a note of what it is.

Please do share a couple of photos with us.

[brancepethalive@gmail.com](mailto:brancepethalive@gmail.com)

Try to start at the beginning and end up at the final destination where you will, if you are accurate, find some treasure.

- When you find the **treasure**, use the hand sanitiser then collect one piece of treasure for each participant.
- You could download a certificate for taking part in the Story Trails.
