- Take care on the road, and be careful of stinging nettles and trip hazards.

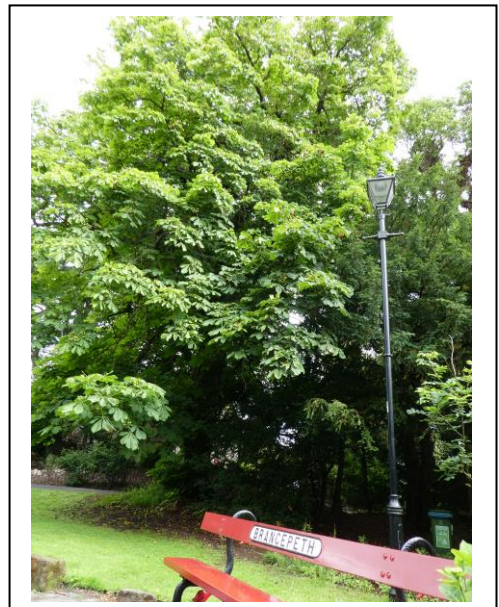

## How to do it:

- Each tree has a **clue card** pinned on its back. First you need to find it!
- Guess the missing letters, and insert them at the right places on the answer sheet.
- Solve the multiple choice task & tick the right answer on the sheet.
- Is there something you want to remember about this tree? Make a note!
- If you like, take a sample of a leaf or a seed, to show at our next trail session on Monday 3rd August at 4.00pm on zoom!

**THE START** of the trail is at the stone gate at the end of the street called The Village. There you will see this tree:

Look for the clue card and complete the tasks.

This clue card gives you a lead where to find the next tree with the next clue card! And so on ...

**Good luck!**
